Notice of Required Determinations, Contract Provisions and Opportunity to Comment

The Comprehensive Environmental Response, Compensation and Liability Act of 1980 (CERCLA), as amended (commonly known as "Superfund"), requires the establishment of an administrative record upon which the President shall base the selection of a response action. CERCLA also requires the maintenance of many other records. EPA has entered into ESS Contract No. 68-W4-0039 for management of those records. EPA Region 7 will require that each Dynamac employee working on cost recovery work sign a written agreement that he or she:

(1) Shall use the information only for the purpose of carrying out the work required by the contract;

(2) Shall refrain from disclosing the information to anyone other than EPA without the prior written approval of each affected business or of an EPA regional office; and

(3) Shall return to EPA all copies of the information and any contracts or extracts therefrom (a) upon completion of the contract, (b) upon request of the EPA, or (c) whenever the information is no longer required by Dynamac for performance of work requested under the contract. These non-disclosure statements shall be maintained on file with the EPA Region 7 Project Officer for Dynamac. Dynamac employees will be provided technical direction from their respective EPA contract management staff.

EPA hereby advises affected parties that they have ten (10) working days to comment pursuant to 40 CFR 2.301(h)(2)(iii) and 40 CFR 2.310(h). Comments should be sent to: Jeffrey G. Weatherford, P.E., Environmental Protection Agency, Region 7, 726 Minnesota Avenue, Kansas City, Kansas 66101.
